NEW YORK WORLD'S FAIR

April 26, 1964

TO: Harry Clifford  
FROM: C. Gayle Warnock, Resident Manager

Please check the refrigeration for Restaurant Associates. It appears that their power may be turned off each night, causing considerable spoilage. On Friday, it was necessary to throw out 25 fresh-dressed chickens. Today, several quarts of cream and milk are spoiled.

Let me know the outcome.

Above being worked on. Original vendor failed to furnish necessary wiring diagram. Electrical Contractor could not hook it up but failed to tell us that, and just walked away from it. Have requested necessary info from Universal Products who supplied equipment, and expecting same. Estimate 4 to 5 days to get data and wired.
