Dear Marc:

Through Bill Taylor we got the word that you'll be in position to replace the AM-FM stereo radio that evaporated from the executive dining room, in a couple of weeks. Sure appreciate it because the missing one, quite obviously, is going to stay missing.

Gayle and I had a lengthy discussion about your request for tickets. The reason is that we just no longer give out tickets of any kind other than to stockholders. But this was a situations where we just couldn't say no. So, here are a few altered stockholder cards. We would appreciate the people arriving between 9:00-10:00 a.m. (the card reads 9:30) which, as you know, is the period for stockholders. Two requests: Don't pass them out to Philco employees, and if you ever admit we sent them to you, we'll deny it.

Best regards.

Very truly yours,

David G. Dowling
Associate Resident Manager
