MEMO TO: Miss Joyce Terhune

SUBJECT: Loading and Unloading Personnel

Per Mr. Sattler's request, the full staff of loading ramp personnel for the a.m. and p.m. shifts totals 30. This includes the Zone Leaders and the Ride Control Supervisors.

In the unloading area, the total for both shifts is 22, which also includes the Zone Leaders.

If Mr. Sattler is planning on recognition for their recent accomplishment, he should also know that the same group appears in these areas only once a week, and always on the same day of the week.
